

## FIRST EXCHANGE OF STUDENTS AND TEACHERS

### EVALUATION RESULTS (CROATIA)

Turističko-ugostiteljska i prehrambena škola Bjelovar conducted the evaluation of students and teachers involvement in preparation and during the first exchange (workshops, excursions, etc.).

#### Involvement in preparations (attending meetings and Swedish language course, project work, etc.)

Although it was hard, students and teachers learned few words and frases of the new language.

We all tried to remember as much as possible. Some of them were not satisfied with their involvement, and said that they could have worked more at home.

Some of the teachers had family problems, so that they could not involve themselves more in language preparations.

Both students and teachers are very satisfied with our teacher – he prepared us well.

Teachers and students were regular at attending meetings. Some of them were more involved and participated in every step – offered help and suggestions, but some of them did not work as much as they were supposed to.

**Students evaluation grade: 4,50**

**Teachers evaluation grade: 4,59**

#### Involvement in first exchange (workshops, excursions, etc.)

Students and teachers were happy with their involvement in the workshops (cooking, web page, arts & crafts).

Regarding excursions and preparation work for them: there were some difficulties in the beginning of the preparations, but things improved with time. At the end, students were reliable and they put a lot of effort and work into preparation for the excursions.

Overall, they said that it was a great experience and they had a great time.

**Students evaluation grade: 4,60**

**Teachers evaluation grade: 4,76**

#### Personal improvement

- Better communication and language skills
  - Better organizational skills
- Better understanding for other cultures and customs
  - Better collaboration with others
  - Selfconfidence
- Students also developed better perspective about their future job and learned more about hotel organization

#### Suggestions

- All of the students should involve the same in the project work (some of them – Croatian and Swedish were not doing everything they should have)
  - More free time
  - Visit more hotels
  - More excursions
- Stay in touch with Sweds (Skype, Facebook)

#### Students gave the grades to the teachers, so the results are:

<b>5,00</b>	<i>Ana Špoljar, Jasmina Kostelac</i>
<b>4,96</b>	<i>Mladen Jasek</i>
<b>4,88</b>	<i>Rajka Marković</i>
<b>4,79</b>	<i>Angela Faletar, Snježana Matić, Adela Šporčić, Marin Bezenšek</i>
<b>4,75</b>	<i>Ljiljana Blum</i>
<b>4,71</b>	<i>Sonja Belamarić, Željka Lalić</i>
